# About Us

BSSMED is an establishment that takes place in the sales and marketing area of the medical sector and works as the distribution company of FEZA MEDIKAL which manufactures **sterile or non-sterile medical consumables**.

Aware of its responsibility in the sector and its understanding of quality in a total area of 1000 m2 with 600 m2 closed. has been serving the health sector by trying to see tomorrow from now on.

The Company continuously reinforces its success with a wide range of high quality products. It carries out the production of disposable medical consumables and medical device development in its production facilities in accordance with international standards. It also provides Biomedical Calibration and Consultancy services according to the demands of customers.

Our company has ISO 13485, ISO 9001 International Quality Management System Certificate which is acting with total quality philosophy and our quality certificated by CE certified medical products which are produced in accordance with 93/42 / MDD Medical Device Regulations in our production facilities in international standards.

We are continuing to work with a more effective and more qualified service concept with the awareness that developing technology and changing needs increase the limit of competence in service. The morale and energy we need are your appreciation and tolerance.

We, which does not compromise on quality based on customer satisfaction, continues to add value to life with you.

## EFOR ECG ELECTRODE

Brand Name: Life Code

Size: 55mm

Box : 380\*590\*390

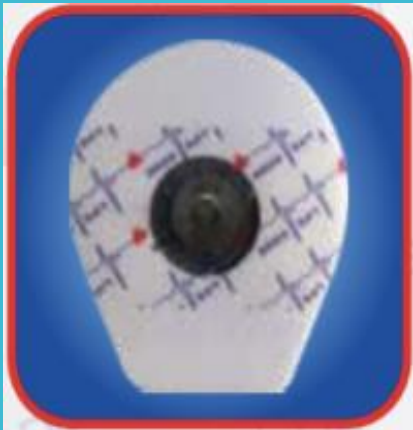

Min Or: 12.000 pcs

- Design for use in Exercise, Holter, Motion and Motion Cardiological Tests
- Silver / Silver Chloride sensor with high signal quality and reduced artifact
- Hydrogel not irritating to skin, allergic and non-toxic
- Hypoallergenic tread structure which is compatible with skin tissue, does not come out easily with perspiration, breathing

[www.bssmed.com](http://www.bssmed.com)

Ref No: BSS7002

## ADULT ECG ELECTRODE

Brand Name: **Life Code**

Size: 46\*52mm

Box : 380\*590\*390

Min Or:10.000 pcs

- Long-term use in Cardiological Tests of adult patients
- Silver / Silver Chloride sensor with high signal quality and reduced artifact
- Hydrogel not irritating to skin, allergic and non-toxic
- Hypoallergenic tread structure which is compatible with skin tissue, does not come out easily with perspiration, breathing

[www.bssmed.com](http://www.bssmed.com)

Ref No: BSS7003

## PEDIATRIC ECG ELECTRODE

Brand Name: **Life Code**  
Size: 35 mm  
Box : 380\*590\*390  
Min Or: 14.000 pcs

- Design for long-term use in cardiological tests of pediatric patients
- Silver / Silver Chloride sensor with high signal quality and reduced artifact
- Hydrogel not irritating to skin, allergic and non-toxic
- Hypoallergenic tread structure which is compatible with skin tissue, does not come out easily with perspiration, breathing
